

Eclipse Volleyball Club

Covid Refund Policy

Your fees for club volleyball cover a variety of expenses. Some of those expenses cannot be reimbursed, such as the cost of uniforms. In the event that our season is delayed, suspended or canceled due to the Coronavirus Pandemic, we will refund every penny that we can. Uniforms and gear are non-refundable.

If our season is canceled, and your uniforms still fit for next season, you may deduct the cost from next year's fees and simply not order a new uniform next season. The cost of operating necessities are non-refundable.

Coaches will be paid a pro-rated amount for the time they were able to coach, and that is non-refundable. The rest of the amount budgeted to pay coaches in a full season will be refunded back to the parents. All gym time that is used is non-refundable. All unused gym time will be refunded back to the parents. Tournaments that are played are non-refundable. All canceled/un-played tournaments will be refunded back to the parents.

Determining the pro-rated amounts for each team will take time. The Club will issue statements and refunds within 1 month of season cancellation. If the season is not cancelled but is otherwise delayed or suspended, practice times and tournaments will be made up.
